SINCE 1909

Il nostro punto di vista
è lo sguardo dei bambini

Progettare e realizzare mobili destinati ai bambini stimola più di ogni altra cosa la ricerca delle migliori soluzioni. Sicurezza, semplicità d'uso, resistenza, facilità nella pulizia: tutti questi aspetti, ma non solo, entrano in gioco e ci consentono di realizzare arredi e complementi unici. Nella consapevolezza che solo le cose migliori potranno aiutarli a crescere.

Our point of view
is fom the childrens gaze

Designing and creating furniture for children stimulates more than anything else the search for the best solutions. Safety, ease of use, resistance, ease in cleaning: all these aspects come into play and guide us to create unique furnishings and accessories in the knowledge that only the best will do as they grow.

Spazi per un domani migliore

Qualità dei materiali

Il nostro impegno è nella ricerca costante della materia prima delle migliori qualità, che rispetti le stringenti normative europee per la salvaguardia della salute ed i principi di eco-sostenibilità ambientale. Il GPP – Green Public Procurement – è la nostra Guida: il rispetto dei livelli di emissione della formaldeide e la verifica costante attraverso i test ed i controlli della resistenza dei prodotti sono i due aspetti su cui si concentra il nostro sforzo. I prodotti sono realizzati nei nostri stabilimenti in Italia.

Materials Matter

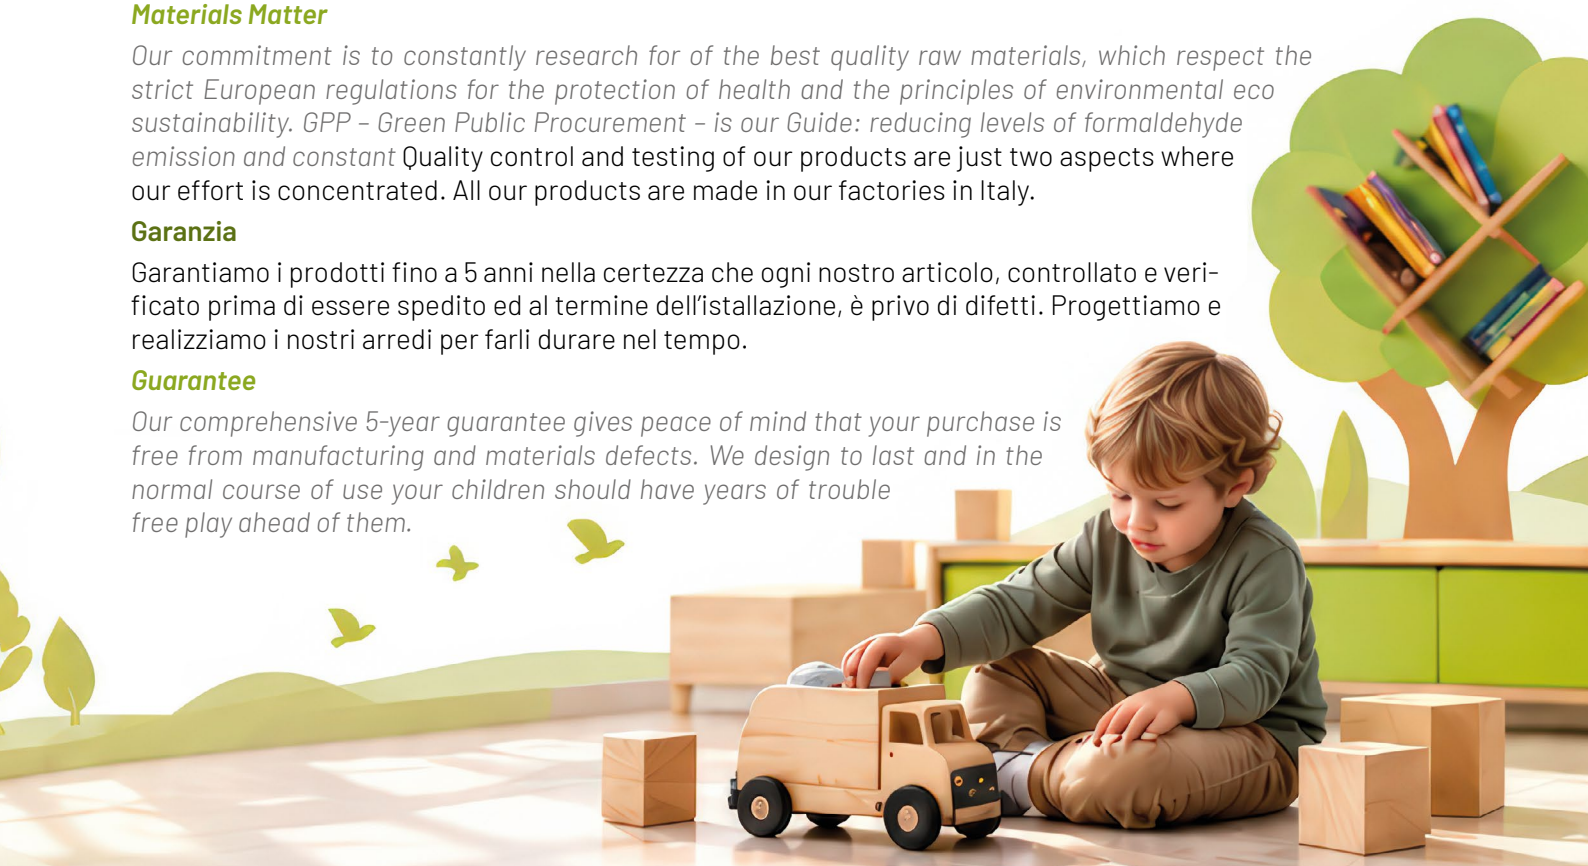

Our commitment is to constantly research for of the best quality raw materials, which respect the strict European regulations for the protection of health and the principles of environmental eco sustainability. GPP – Green Public Procurement – is our Guide: reducing levels of formaldehyde emission and constant Quality control and testing of our products are just two aspects where our effort is concentrated. All our products are made in our factories in Italy.

Garanzia

Garantiamo i prodotti fino a 5 anni nella certezza che ogni nostro articolo, controllato e verificato prima di essere spedito ed al termine dell'istallazione, è privo di difetti. Progettiamo e realizziamo i nostri arredi per farli durare nel tempo.

Guarantee

Our comprehensive 5-year guarantee gives peace of mind that your purchase is free from manufacturing and materials defects. We design to last and in the normal course of use your children should have years of trouble free play ahead of them.

A brighter
tomorrow
together

Welcome

Spogliatoio
Changing room

Nello spogliatoio il bambino impara a dire "faccio da solo", esplorando lo spazio con curiosità e fiducia. La nostra linea trasforma questo rituale quotidiano in un'esperienza sensoriale e formativa. Attraverso appendiabiti accessibili e casellari che celebrano l'identità individuale, ogni piccolo ospite è incoraggiato a prendersi cura delle proprie cose in un contesto protetto e armonioso rendendo il momento del cambio un gesto d'indipendenza che profuma di crescita.

In the changing room, children learn to say "I can do it myself", exploring the space with curiosity and confidence. Our range transforms this daily ritual into a sensory and educational experience. Through accessible coat hooks and lockers that celebrate individual identity, every young guest is encouraged to look after their own belongings in a safe and harmonious environment, turning the moment of getting changed into a gesture of independence that hints at growth.

Giochi di ruolo
Role-playing games

Il gioco simbolico è il cuore pulsante dello sviluppo sociale ed emotivo. Attraverso l'imitazione del mondo degli adulti, il bambino esplora ruoli, sperimenta emozioni e sviluppa il linguaggio. Le nostre cucine, i banchi del mercato e le aree travestimento sono progettati come piccoli set teatrali a misura di bambino: spazi sicuri e realistici che invitano i piccoli a scambiarsi parole, gesti e sogni nel gioco di ogni giorno.

Symbolic play is at the heart of social and emotional development. By imitating the adult world, children explore different roles, experience emotions and develop language skills. Our play kitchens, market stalls and dress-up areas are designed as small, child-friendly play sets: safe, realistic spaces that encourage little ones to share words, gestures and dreams through everyday play.

Attività espressive
Expressive activities

Dal teatro delle ombre ai carrelli attrezzati per il travestimento, la nostra linea per le attività espressive celebra il talento creativo dell'infanzia. Abbiamo creato strumenti che stimolano l'espressione corporea e il gesto teatrale, offrendo cornici rassicuranti per la libera interpretazione.

From shadow theatre to dressing-up trolleys, our range of creative activities celebrates children's creative talent. We have created tools that encourage physical expression and theatrical movement, providing a safe space for free interpretation.

Attività artistiche
Artistic activities

I nostri arredi per le attività artistiche sono progettati per trasformare la sezione in un vero atelier: cavalletti per la pittura libera, carrelli porta disegni e pannelli di affissione nati per accogliere pigmenti e per offrire sperimentazione senza timore. Qui, la creatività fluisce libera, supportata dalla solidità del legno e da un design che facilita l'ordine e l'autonomia.

I nostri **cuscini, pouf e materassini** sono progettati per offrire un sostegno dolce e rassicurante, trasformando il pavimento in un terreno di scoperta sensoriale. Sono realizzati con imbottiture ad alta resilienza e rivestimenti certificati, igienici e piacevoli al tatto. Le diverse consistenze e colori armoniosi, creiamo spazi dove il "contatto" diventa scoperta.

Psicomotricità
Psicomotricity

La nostra collezione è progettata per stimolare il potenziale motorio di ogni bambino, offrendo sfide sicure che nutrono la fiducia e la coordinazione. Attraverso forme modulari e percorsi dinamici, trasformiamo l'aula in un laboratorio esperienziale dove il corpo diventa lo strumento principale per esplorare concetti come l'equilibrio, la distanza e il ritmo. Un ambiente pensato per dare slancio alla crescita, in totale protezione.

Our collection is designed to stimulate every child's motor skills, offering safe challenges that build confidence and coordination. Through modular shapes and dynamic circuits, we transform the classroom into an experiential workshop where the body becomes the primary tool for exploring concepts such as balance, distance and rhythm. An environment designed to foster growth, in complete safety.

Lettura
Reading

La nostra linea dedicata alla lettura nasce per creare spazi intimi e stimolanti, dove ogni libro è a portata di mano. Le librerie frontali permettono ai bambini di riconoscere le storie dalle immagini, promuovendo una scelta consapevole e autonoma. Combinando strutture in legno naturale con la praticità dei carrelli mobili, offriamo soluzioni sicure e armonizzate, studiate per nutrire l'immaginazione in un ambiente ordinato, protetto e ricco di ispirazione.

Our range of reading furniture is designed to create cosy and stimulating spaces, where every book is within easy reach. The open-fronted bookcases allow children to recognise stories by their pictures, encouraging them to make informed and independent choices. By combining natural wood structures with the practicality of mobile trolleys, we offer safe and harmonious solutions, designed to nurture the imagination in a tidy, safe and inspiring environment.

Più che semplici barriere, questi arredi fungono da punti di riferimento visivi: confini morbidi e linee leggere che delimitano le aree tematiche — dal gioco simbolico al riposo — agevolando l'orientamento dei piccoli all'interno dello spazio.

More than just barriers, these furnishings serve as visual landmarks: soft boundaries and gentle lines that delineate themed areas — from imaginative play to rest — helping young children find their way around the space.

Carrelli
Trolleys

I nostri carrelli offrono la massima capienza nel minimo ingombro, permettono di organizzare libri, giochi e materiali creativi in modo razionale e armonioso. Robusti e agili, sono i compagni ideali per trasportare idee e scoperte in totale libertà. Che si tratti di allestire un atelier di pittura o un punto lettura temporaneo, i nostri carrelli agevolano l'orientamento e l'autonomia del bambino, portando l'apprendimento ovunque nasca il desiderio di scoprire.

Our trolleys offer maximum capacity in a compact design, allowing you to organise books, games and creative materials in a practical and harmonious way. Sturdy and manoeuvrable, they are the ideal companions for transporting ideas and discoveries with complete freedom. Whether setting up a painting studio or a temporary reading corner, our trolleys encourage children's independence and sense of direction, bringing learning wherever the desire to discover arises.

Complementi
Accessories

I nostri complementi figurativi nascono per dare anima alle pareti e agli arredi, trasformando gli spazi in un ambiente che stimola l'immaginazione. Non semplici decori, ma icone rassicuranti che aiutano il bambino a identificarsi con il proprio spazio e a orientarsi con un sorriso.

Our figurative accessories are designed to bring walls and furnishings to life, transforming spaces into an environment that stimulates the imagination. They are not merely decorations, but comforting icons that help children feel at home in their own space and find their way with a smile.

Mobili
Furniture

La nostra collezione è progettata affinché ogni bambino possa esplorare, scegliere e riporre i materiali in totale libertà. Grazie ad altezze studiate su misura e vani a giorno facilmente accessibili, lo spazio diventa un maestro silenzioso: un ambiente che insegna l'ordine e la cura delle cose, trasformando l'organizzazione quotidiana in un naturale gesto di crescita.

Our collection is designed to allow every child to explore, choose and put away materials in complete freedom. Thanks to custom-designed heights and easily accessible open compartments, the space becomes a silent teacher: an environment that teaches tidiness and care for belongings, transforming daily organisation into a natural part of growing up.

Serie Legno
Wood Series

La nostra collezione combina il design ergonomico con la varietà dei materiali: il legno per un'atmosfera calda e senza tempo, e Il polipropilene per soluzioni leggere, robuste e ricche di colore. Bordi arrotondati, altezze su misura e stabilità certificata assicurano che ogni bambino possa sedersi, alzarsi e muoversi in libertà ed autonomia.

Our collection combines ergonomic design with a variety of materials: wood for a warm, timeless feel, and polypropylene for lightweight, sturdy and colourful solutions. Rounded edges, customisable heights and certified stability ensure that every child can sit, stand and move around freely and independently.

Serie Comfort
Comfort Series

Sedia per scuola dell'infanzia realizzata con materiali di alta qualità. È dotata di una struttura in tubolare d'acciaio saldato in continuo, con supporti strutturali e rinforzi fissati saldamente sotto la seduta. La seduta e lo schienale, in legno di faggio o polipropilene, sono fissati stabilmente alla struttura mediante rivetti o viti. Il prodotto è realizzato in conformità alle normative vigenti e progettato per favorire una postura corretta e sostenere lo sviluppo psicofisico dei bambini.

Preschool chair made from high-quality materials. They have a continuous-welded tubular steel frame, with structural support and reinforcement braces fitted snugly beneath the seat. The beechwood or polypropelyne seat and backrest are firmly attached to the frame with rivets or screws. Manufactured in compliance with current regulations and designed to promote correct posture and support the psychophysical development of young children.

Pensata per gli spazi educativi del nido, questa sedia combina comfort, sicurezza e praticità. Il design ergonomico favorisce una postura corretta e sostiene la colonna vertebrale, mentre lo schienale elastico assicura una seduta particolarmente confortevole. Realizzata interamente in polipropilene colorato, presenta gambe angolate che garantiscono maggiore stabilità e prevengono il dondolamento. Leggera ma resistente.

Designed for nursery environments, this chair combines comfort, safety, and practicality. Its ergonomic design promotes correct posture and supports the spine, while the flexible backrest ensures a particularly comfortable seat. Made entirely of colored polypropylene, it features angled legs that provide greater stability and prevent wobbling. Lightweight yet durable.

Tavoli
Tables

Il tavolo è il centro vitale di ogni attività: il luogo dove prendono vita il gioco, la manualità e la prima socializzazione. La nostra collezione propone una vasta gamma di geometrie che, grazie alla loro modularità, permettono di riconfigurare lo spazio in pochi istanti, creando 'isole di scoperta' sempre nuove. Ogni superficie diventa così un invito a fare, creare e condividere in totale libertà.

The table is the heart of every activity: the place where play, hands-on activities and early socialisation come to life. Our collection offers a wide range of designs which, thanks to their modularity, allow you to reconfigure the space in a matter of moments, creating ever-changing 'islands of discovery'. Every surface thus becomes an invitation to do, create and share in complete freedom.

I nostri lettini, brandine e mobili per la nanna sono progettati per avvolgere il bambino in un abbraccio protettivo. Grazie all'uso di materiali naturali, colori tenui e forme ergonomiche, creiamo un'atmosfera di quiete che facilita il rilassamento.

Our cots, camp beds and bedroom furniture are designed to envelop your child in a protective embrace. Through the use of natural materials, soft colours and ergonomic shapes, we create a peaceful atmosphere that promotes relaxation.

Cambio
Change

I nostri mobili fasciatoio sono progettati per trasformare il cambio in un momento di benessere e sicurezza. Grazie a linee morbide, superfici calde al tatto e protezioni laterali studiate con cura, offriamo al bambino un supporto accogliente e all'educatore un'area di lavoro organizzata, dove ogni accessorio è a portata di mano per non interrompere mai il contatto visivo con il piccolo.

Our changing tables are designed to turn nappy changes into a moment of comfort and safety. With their soft lines, warm-to-the-touch surfaces and carefully designed side guards, they offer babies a cosy place to lie and carers a well-organised workspace, where every accessory is within easy reach so that eye contact with the baby is never broken.

sirianni™
mobili per l'infanzia nursery

... è un progetto destinato a rendere accoglienti gli spazi dei bambini. Nella ricerca delle soluzioni e nella scelta delle forme, curiose e stimolanti, abbiamo deciso di assumere come stile progettuale il punto di vista dei bambini. L' Asilo diventa il luogo del primo incontro con il mondo esterno, la prima esperienza vera di vita sociale al di fuori della famiglia. Abbiamo tentato di realizzare un arredo gradevole esteticamente ma, anche, funzionale e confortevole, per garantire familiarità, occasioni di apprendimento e piacere: per offrire al bambino la possibilità di correre, nascondersi, rilassarsi e sentirsi sempre protetto. Ed ogni spazio, nel gioco, diventa importante.

... is a project designed to make cozy children's spaces. In the search for solutions, and in the choice of curious and challenging shapes, we decided to design from the children's point of view. Kindergarten is the first meeting place with the outside world, the first real experience of social life outside the family. We tried to make furniture which is both aesthetically pleasing but also functional and comfortable, to ensure familiarity, opportunity for learning, and pleasure: offering the child a chance to run, hide, relax and feel protected. Make every space in the game important

LE VOSTRE **IDEE** PRENDONO **FORMA**

Ogni scuola è un progetto nuovo e originale.
Ascolto delle esigenze, relazione con
il contesto, elaborazione di soluzioni,
concorrono a disegnare un'idea di scuola
moderna, funzionale, innovativa.

Questo Catalogo intende dialogare con i progettisti degli ambienti didattici e descrivere una serie di idee, nate dall'esperienza quotidiana e dal confronto con i più importanti players del settore. Alla base c'è l'esigenza di differenziare gli spazi.

This catalog is intended to engage with designers of educational environments and present a series of ideas born from everyday experience and dialogue with the industry's leading players. At its core is the need to differentiate spaces.
